*To be a qualified OMHA member, all relative businesses must be disclosed per OMHA Board of Directors' policy. (For example, if you own three communities, all three communities must be OMHA members. Or, if you have a retail center and a community, both businesses must be OMHA members). Occasionally, when OMHA sees an opportunity to arrange for certain membership benefits to be offered to our members from non-OMHA-affiliated companies, OMHA reserves the right to forward member information to these companies.
